Nonprofit Scholarship Recommendation Page for the Mastering Leadership Dynamics Program

Farr Associates is committed to being a valuable contributor to society and to help others live more productive, fulfilling and purposeful lives. We do this by helping individuals optimize their leadership skills to create highly engaged and productive employees.

Farr created this scholarship to make the Mastering Leadership Dynamics program affordable to a diverse population of nonprofit organizations and to unite the local community with valuable leadership skills. To fulfill this mission, we have allotted a limited number of seats for nonprofits who have a clear desire to grow. We want to make the leadership program available to deserving organizations that strive to be leaders in their communities.
